

# FAQ SHEET

## **Q1) Which academic boards are you associated with?**

EuroSchool offers curriculum in accordance with the ICSE or CBSE boards at individual schools. Additionally, select EuroSchools also offer the CAIE, Cambridge Assessment International Education (IGCSE).

## **Q2) What are the different subjects that are offered at the school?**

Students are exposed to a variety of subjects such as English, Mathematics, Social Science, German, French, Hindi, Regional Language, Computers, Environmental Science, Arts & Physical Education.

## **Q3) What transport facilities do you offer?**

We offer convenient transportation facilities with school buses that provide pick-up and drop options. Our buses have GPS systems to track the movement of the buses and mandatory female attendants on all buses during transportation to ensure safety of the students.

## **Q4) What are the days of functioning and timings of the school?**

The schools function from Monday-Friday from 8:00 a.m. to 3:00 p.m.

## **Q5) When does the admission season begin?**

Admission season begins in September of each year for the next academic year. We also have mid-term admissions; for the on-going academic year between the months of June to October.

## **Q6) What co-curricular activities are offered to the students?**

The learning experience for the student is made fun and engaging through co-curricular clubs offering diverse options such as Dancing, Learning Musical Instruments, Arts and Crafts, Reading, Robotics, Mathematics & Sciences.

## **Q7) What are the different activities that the students can be a part of?**

The Schools have a host of clubs, both academic and non-academic in nature, Students can choose to be a part of any club they like. Students also get to use the indoor and outdoor sports facilities to excel in not just academics but in the sport activities of their choice.

## **Q8) What is the teacher-student ratio in the classrooms?**

Teacher-student ratio remains at 1:34 in our classrooms, to ensure that the child is given individual attention.

# FAQ SHEET

## **Q9) How do you make sure your teachers are up to date in their teaching methods?**

Our teachers continuously go through training and skill upgradation through ETAT – the EuroSchool Teacher Assessment Tool which is a mandatory online teacher Assessment platform. At EuroSchool, it is mandatory that teachers are provided with 60 hours of professional development and training for both Soft Skills and Content. Our proprietary ETAT ensures that each teacher meets the required norms of content mastery at EuroSchool through our professional development and teacher training programme.

## **Q10) How can parents stay informed about the on-goings at school?**

At EuroSchool we believe that parents are co-partners in their child's growth and development. Hence the schools keep parents informed and involved at all times through Webgenie which is a dedicated mobile app. This app helps parents view the weekly assignments, worksheets and homework given, and keeps them updated about the latest events and activities. It also helps them to be in touch with fellow parents at EuroSchool and share feedback.

## **Q11) How often do parents get to meet the teachers to get an update on the progress their child is making?**

EuroSchool believes in a parent inclusive setup and thus we have periodic Parent - Teacher meetings and workshops. We also have an online report card system called Report Bee that allows parents to view the status of their child's progress online, analyse strength areas and identify areas for improvement.

## **Q12) What are the safety measures undertaken at the school?**

EuroSchool lays special emphasis on providing a safe learning environment for every child and it has been lauded as India's 1<sup>st</sup> Certified Network of Safe Schools.

Our premises have:

- CCTV cameras at school
- Safety Marshalls at school
- Lady attendants in every school bus

Furthermore, we follow a strict anti-bullying and anti-ragging philosophy and sensitise children towards the same. Our hiring process follows a stringent safety protocol. All teachers and administrative staff go through police verification, background checks and previous employer check. In the event of an emergency, we have dedicated emergency evacuation plans and highlighted safety exits.

# FAQ SHEET

**Q13) Do you have any initiatives towards the health and wellness of the child at school? What are they?**

With growing emphasis on child development, safety and wellness; EuroSchool has entered into a strategic association with Surya Hospitals to provide premier healthcare services and specialised medical options to students and parents. Through this association, we help with a gamut of health and wellness services like general health check-up by paediatricians, ENT, dental examinations, height, weight, BMI analysis; maintenance of health records and health cards. Additionally, in case of special cases, a dedicated team of experts at Surya Hospital will also give 2nd level support to parents of the students through e-mail and a dedicated helpline number.

**Q 14) Do you have a nurse on staff?**

At every EuroSchool, we have a dedicated Medical room called the "INFIRMARY" with a trained nurse who is available to the students during school hours.

**Q15) What provisions do you make for special needs kids?**

Inclusive education is something that EuroSchool strongly promotes and thus special needs children who require specific guidance are mentored and helped with specialised counselling and workshop sessions. These sessions are aimed towards supporting and moulding the child appropriately.

**Q16) Do you have a canteen facility or do kids have to bring lunch from home?**

Delicious, well balanced vegetarian snacks and meals are served in the School Cafeteria at select schools. In accordance with our policies and philosophy of healthy living at EuroSchool, we lay emphasis that if parents send across meals from home they need to be vegetarian and healthy meals.
